

# Your go-to health care resource when you're on the go.

The UnitedHealthcare app puts your Oxford plan in your hands—24 hours a day, seven days a week.

## Three ways the UnitedHealthcare App can work for you.

### Estimate costs.

With the myHealthcare Cost Estimator tool, you can estimate out-of-pocket costs before you go to the doctor. Just enter a procedure or condition and see how different costs can be depending on where you go for care.

### Access important information, immediately.

View and share important information, email your family's health plan ID cards, review claims, and check account balances and benefit amounts.

### Get real, personal care.

The UnitedHealthcare app can also connect you with helpful professionals when you need them.

The Easy Connect feature asks you what kind of help you need, then has a Health Advisor contact you to answer your questions.

To learn more, visit your health plan Member website.

## Download the UnitedHealthcare App.
